Outreach Coordinator – Support and Connect Northern Ireland

28 April 2021

Welcome from the CEO

I am delighted that you are interested in the role of Outreach Coordinator – Support and Connect Northern Ireland at the Limbless Association. This is a fantastic opportunity for the right person to make a positive impact on our members.

We are a small, supportive team who work closely together, despite being a National Charity and working remotely from across the UK.

Our long history shows that amputees need support from others who have been in a similar situation. They face isolation, confusion and can be overwhelmed by the daily challenges and struggles of mobility, pain, body image and loss. Our Support and Connect initiative provide early-stage support for amputees.

We have been lucky enough to receive funding from National Lottery Awards for All Northern Ireland to recruit an Outreach Coordinator to develop our Support and Connect project in Northern Ireland.

We aim to learn more about and build strong relationships within the amputee community and the sector in Northern Ireland.

The Support and Connect project objectives will be informed by the needs of amputees living in Northern Ireland. The development of local Support and Connect Hubs will respond to the feedback provided by service users living with limb loss.

We are looking for that special someone with a positive can-do attitude and a real understanding of the limb loss community and sector. You will need drive and enthusiasm to engage with our members, raise awareness and support our regional community across Northern Ireland.

As a professional, pragmatic and self-motivated professional, you can be part of shaping this important and well-respected national project. Our size means we are able to work highly collaboratively, supporting one another and ensuring that everyone has a voice in how we develop.

If you are passionate about leading a project that provides support to people who need it most and you thrive on your work making a direct difference then I really look forward to hearing from you.

ABOUT THE LIMBLESS ASSOCIATION

28 April 2021

The Limbless Association (LA) is a long-standing national charity providing support and information for amputees across the UK. Using our highly successful stakeholder networks, we extend our reach as an organisation to operate and connect nationally.

The LA aims to support amputees, whatever their non-medical needs, from the point of consultation and preoperative assessment through to post-operative recovery and rehabilitation.

Our core services include a dedicated support line, direct access to welfare rights and legal advice, peer to peer support through our membership, wellbeing support and links to local services.

We have two key projects which are the Support and Connect Hub outreach and Volunteer Visitors (peer mentors) programmes. The loss of a limb or limbs, through accident or illness is a devastating and life changing experience that affects the individual and their families. Consequently, issues can be multiple, complex and severe. Here at the LA, we champion lives without barriers and believe that all amputees should have unparalleled support to lead independent and fulfilled lives. Our key message is that *No Amputee Need Cope Alone*.

The LA currently operates with a small friendly team working out of the Chelmsford office HQ and remotely, along with a dedicated Trustee Board and an army of volunteers. (Please note the LA HQ is likely to relocating to Billericay during the Summer of 2021).

LA SUPPORT AND CONNECT PROJECT HUBS

Support and Connect activities cover all four strands of our work, informing, advising, supporting and connecting. LA outreach support aims to grow a network of peer groups regionally and nationally. Support and Connect offers a range of opportunities for those pre and post amputation to access support and connectivity with other amputees delivered by our regional Outreach Coordinators. These opportunities include:

- Regular in person Hub sessions
- LA Helpdesks
- Supporting volunteering opportunities
- Virtually Speaking online events
- Digital Access Programme
- Wellbeing for All courses

The Support and Connect Outreach project aims to:

- Reduce isolation that many amputees experience (particularly following their amputation).
- Improve amputees' knowledge regarding recovery and life after limb loss.
- Provide early access to peer mentoring support.

- Introduce amputees to activities and other experiences to improve their wellbeing and quality of life.

The Support and Connect Hub project represents an important development at the charity and since inception has quickly become one of its key outreach projects. The LA aims to develop a national network of Hubs at centres and locations across the UK. In light of the COVID19 pandemic, some of the work of the Support and Connect Hub project is currently being delivered online however, we'll be running in-person Hubs as soon as it's safe to do so.

SUPPORT AND CONNECT – NORTHERN IRELAND

As part of the Support and Connect Hubs projects, we are proud to be bringing our model to Northern Ireland for the first time.

We recognise that amputees often endure mental health challenges, physical health complications and ongoing mobility challenges, even many years after their original amputation operation.

The postholder will engage and support the amputee community in Northern Ireland, making contacts and building relationships to understand and meet the needs and challenges facing amputees across Northern Ireland.
