# **Services Support Officer (Information and Advice)**

## **Welcome from the CEO**

I am delighted that you are interested in the role of Services Support Officer (Information and Advice) at the Limbless Association. This is a fantastic opportunity for the right person to make a positive impact on our community. We are a small, supportive team who work closely together, despite being a National Charity and based across the UK.

Most amputees have experienced isolation, anxiety and depression due to their amputation and have often struggled with their mobility and additional health conditions. This has been exacerbated by the COVID19 pandemic, making the need for connectivity with people in similar situations more important than ever.

Our projects and reach are growing with our support never more needed and as such we are looking for a highly organised and efficient person with considerable experience and expertise in a service user support service

Our helpline is an integral part of our service offer and is getting busier. As well as ensuring that our service users receive first class support, advice and signposting, this post will play a key support role to our delivery teams across all of our projects.

A positive, empathetic and friendly disposition as well as a can-do attitude to all tasks is an absolute must. Frontline advisory experience is essential and we would love to find someone who has experience of the amputee community and sector.

We positively welcome applications from candidates with personal experience of limb loss. We would also love to hear from those with experience in healthcare, welfare rights and/or mental health.

If you are passionate about providing guidance, advice and support to people who need it most and you thrive on your work making a direct difference then I really look forward to hearing from you.

## **ABOUT THE LIMBLESS ASSOCIATION**

The Limbless Association is a long-standing national charity based in Chelmsford, Essex, which through its stakeholder networks extends its reach as an organisation operating and connecting nationally. The LA aims to support amputees, whatever their non-medical needs, from the point of consultation and preoperative assessment through to post-operative recovery and rehabilitation. Our core services include a dedicated support line, direct access to welfare rights and legal advice, peer to peer support through our membership, wellbeing advice and links to local services. The LA's two key projects are the Support and Connect Hub outreach programme and Volunteer Visitors (peer mentors). The loss of a limb or limbs, through accident or illness is a devastating and life changing experience that affects the individual and their families. Consequently, issues can be multiple, complex and severe. Here at the LA we champion lives without barriers and believe that all amputees should have unparalleled support to lead independent and fulfilled lives. Our key message is that *No Amputee Need Cope Alone*.

The LA operates with a small friendly team working out of the Chelmsford office HQ and remotely, along with a dedicated Trustee Board and an army of volunteers.
